

Long side panel

Final size mm	5000 x 480 mm
Design to size mm	1000 x 96 mm
White margin	2,5 mm

Design Instructions

- Design in intermediate size 1000 x 96 mm.
Leave a 2,5 mm white margin inside this area to ensure succesful glueing.
- The final enlargement is part of the printing process.

Material preparing

- If necessary, you can order material preparing from our co-operation reprohouse Orange.
Materials (layouts, linked files and fonts) for Orange should be compressed into one compressed file. (Please note that our printing charges do not include the cost of preparing materials).
- Image resolution in intermediate size is 300 ppi.
- Use process-specific ICC-profile in color management. You can download correct ICC-profile from the link Instruction for the press ready PDF-files.
- Create PDF without bleeds and corner marks.
- All posters must be deliver as a separate PDF-documents.
